

SUPRA APRON WITH SLEEVE

"The Supra Apron with Arm Sleeves offers superior protection and ventilation for welders, featuring an open-back design ideal for high-heat welding conditions."

SALIENT FEATURE

- Back Open Design:**
 Enhanced breathability for user comfort during extended wear
- Premium Material:**
 Made from flame-resistant split leather
- Adjustable Fit:** buckle fastenings for secure, customizable fitting.
- Extended sleeve Coverage:**
 Full arm protection with reinforced stitching.
- Heat & Spark Resistance:**
 Shields the torso and arms from spatter and slag.
- Durable construction:**
 Designed for industrial grade wear and tear.

Uses & Applications

- Arc Welding (Smaw, Mig/Mag, Tig)
- Gas Welding and Cutting Operations
- Fabrication Shops
- Foundries & Heavy Engineering Plants
- Shipbuilding & Construction Sites
- Any High-Heat or High-Risk Metalworking Environment

TECHNICAL SPECIFICATIONS

Material	: Split Leather
Design	: Open-back With Front Closure
Closure Type	: Buckle
Color	: Red & Black
Stitching	: Kevlar Thread (Heat Resistant)
Compliance	: Complaisance of En Iso 11611
Weight	: Approx. 1.0 Kg
Standards	: EN 11611: 2015
